

From the President

Welcome to this first edition of Sampa USA's newsletter. We will publish a brand new newsletter quarterly to inform you about the latest developments at Sampa, our new products and technologies, our people and culture, as well as upcoming events and trade shows.

First of all, I am very happy to announce the SAMPA AUTOMOTIVE's offices in the US are open and fully operational in Addison, TX - from where we are able to offer our customers the excellent sales, technical and operational support SAMPA is known for.

Second, it is my privilege to inform you that Sampa has been awarded "Best Booth" at AAPEX trade show in Las Vegas, NV. We have hosted our guests and shared Sampa's commitment to excellence in the production of components that are "Built for American Trucks, and for America's Roads". It was the icing on the cake to

receive this prestigious award on behalf of all the Sampa team.

We will be participating in HDAW in Las Vegas, January 28-31, 2019. I'd like to invite you to our booth (Booth: 2103) to learn about the quality of our products and of our services, and discuss how SAMPA can help you grow your business.

I'd also like to take this opportunity to wish you and your families a Happy Holidays on behalf of the entire Sampa family.

Looking forward to meeting you in Las Vegas!

Felipe Bumagny
President,
SAMPA USA LLC

Sampa USA Awarded the "Best Booth" at AAPEX '18!

Sampa USA has been awarded the "Best Booth" Award at this year's AAPEX trade show in the under 800 sq feet category. In the 3-day event, we had the opportunity to host numerous guests and showcase our commitment to the North American market with the motto "Built for American Trucks, America's Roads."

Bruno Geoffroy Scuracchio, Sampa USA's Director of Engineering has received the award on behalf of everyone at Sampa. Commenting on the award, Scuracchio said, "It is an honor to receive this prestigious award on behalf of Sampa USA. AAPEX was a success for our company and this award proves how committed we are to excellence at everything we do."

Sampa USA introduces brand new fifth wheel for North America

Sampa's brand new fifth wheel for North America is now in production. The Sampa fifth wheel is just one of many new products designed and manufactured for North American fleets. Sampa is fully accredited and IATF16949, ISO14000 and OHSAS18000 certified, manufacturing thousands of references in different categories. Sampa fifth wheel is yet another example of Sampa's commitment to North America and excellence in production.

See you at HDAW!

Sampa USA will be participating in HDAW in Las Vegas, January 28-31, 2019. We'd like to invite you to our booth (Booth: 2103) to explore the quality of our products and of our services, and discuss how the SAMPA team can help you grow your business.

Merry Christmas and Happy New Year from Sampa USA!

From our family at Sampa, we wish you and your family all the joys this festive season brings. Merry Christmas and a wonderful New Year!
